

ABOUT THE MATTRESS

Each camping cot comes with a mattress—a soft, removable pad designed for added comfort and warmth during sleep.

The mattress is vacuum-packed and will regain its full fluffiness naturally after approximately three hours of unpacking. For an even fluffier mattress, we recommend patting and fluffing it before use.

If you don't need to use the mattress, you can roll it up for storage. When using it outdoors, you can carry it by hand or wear it diagonally across your body.

It is advised to wash the mattress by hand and allow it to air dry; do not machine wash.
